

DEAR VALLIVUE STAFF MEMBER: Staff members have the opportunity to participate in the Vallivue Education Foundation's Payroll Deduction Program. We realize how much you give of yourselves in educating our children, and offer one more way to strengthen the educational and extra-curricular programs throughout the district.

Where would you like a little extra money to go every year -- football, music, scholarships, book incentive program, computer or science equipment, library fund, or senior party? Do you have a special program you would like to support through a tax-deductible donation to the Vallivue Education Foundation?

**NOTE: For those currently participating in this program, you DO NOT need to sign up again; your contribution will continue as specified on your original authorization, unless you specifically want to change your designation.**
